Camp Director / Head Coach  
Blake New

Blake New is the head Men's coach at Oberlin College. Coach New graduated from North Olmsted High School in 1986 and continued a stellar career at Cleveland State University, where he earned All-Conference

honors as a goalkeeper in 1988 and served as the Vikings' team captain in 1989. CSU recorded a 46-28-8 record during New's playing days, culminating in Mid-Continent Conference titles in 1986 and 1988. He still holds the CSU record for career shutouts (29) and ranks in the top ten for career saves (267).

Following his college career, New was drafted by the Cleveland Crunch of the MISL and the Canton Invaders of the NPSL. He also spent two years as a player-coach for the Cleveland Caps of the USISL. Coach New began his coaching tenure in 1996 as head coach of the Oberlin College women's soccer team, and then transitioned to the men's program in 1999. Oberlin has experienced a renaissance in men's soccer under New's leadership. In his first season as head coach, New guided the Yeomen to their first .500 record and highest conference finish in nine seasons. Most recently, Coach New has brought his team to the NCAC tournament twice finishing 2nd in 2005 and 3rd in 2006 and was named Conference Coach of the Year in 2005. With over 12 years of college coaching experience, Coach New is very familiar with the type of preparation, both academic and athletic, needed for student-athletes who wish to pursue a college soccer career. Blake lives in Oberlin with his wife Jessa and their daughters, Madalyn and Maia.

Coach  
Kristen Hayden

Kristen Hayden just completed her third season as the head coach of the Oberlin women's soccer team after serving as the program's top assistant in 2006.

Hayden brings a wealth of experience and passion to the Yeowomen. While on staff, she has helped guide five players to All-North Coast Athletic Conference honors.

Before arriving at Oberlin, Hayden spent the 2004 and 2005 seasons as an assistant coach at Kent State University. She helped guide the Golden Flashes to the Mid-American Conference Championship in 2004 and made a return appearance in the MAC Championship match in 2005. She also has coached with the Greater Akron Premier Soccer Club.

Hayden earned her bachelor's degree in education from Cleveland State University in 2002. She completed her master's degree in sport studies with a certificate in athletic coaching from Kent State in 2006.

Grades 8-12

**Girl's Advanced Camp**  
**June 25<sup>th</sup>-June 27th**

We are pleased to offer the 6th annual Advanced Camp this year to girls entering grades 8-12. This camp is geared towards the team or individual player who is looking to continue their play into college and also prepare for the upcoming high school season. Each player can attend camp with their team, with soccer friends, or individually. The camp is designed for the serious soccer player entering grades 8-12, and 2010 high school graduates are eligible to attend. Enrollment will be limited to ensure the best possible environment for quality learning. The curriculum of instruction has been developed by Coach New, who holds top coaching licenses from the NSCAA. Training sessions will be conducted by Head Coach Blake New, Coach Hayden, as well as other highly qualified college / club coaches, and current Oberlin College Varsity players. Goalkeepers will enjoy the benefits of individualized coaching from experienced goalkeeping instructors, and the opportunity to test their skills in competitive matches.

**Oberlin Soccer Camp Philosophy**

The High School Camp is designed to develop soccer players through a competitive, and challenging atmosphere. The curriculum is specifically designed to provide a supportive and challenging environment that develops the whole person, as well as the soccer skills and tactics that are required to play at the next level. Oberlin Soccer Camps will emphasize technique, tactics, physical fitness, and personal development as they pertain to the players and teams in question.

Players that want to play in college will gain valuable insight into high level tactical concepts that are used by most collegiate programs, as well as an understanding of the technical skills needed and the fitness level required.
